### Winery Music Awards Announces Co-Host for 2007 Competition Hollywood's Janie Terrazas to pair well with Paso's Andrew Firestone

**Paso Robles, CA – April 9, 2007** – This summer's Winery Music Awards competition will be co-hosted by Los Angeles-based model and professional TV host Janie Terrazas ([www.janieterrazas.com](http://www.janieterrazas.com)). The five-month long series of concert competitions among unsigned original music artists is scheduled to take place starting in June at select wineries throughout the Paso Robles wine region, part of California's central coast. Janie will join co-host Andrew Firestone, who helps run his family-owned Firestone Winery and who once appeared as a contestant in TV's "The Bachelor."

Janie Terrazas, an experienced actress who hosted her first television show in San Antonio, Texas at the age of 15, has hosted a wide range of professional events and presentations--from television shows to charity events--getting opportunities to interview high-profile celebrities, professional athletes, and musicians. Janie has also worked as a professional dancer / choreographer and continues to work as a fitness model.

"I am thrilled to be involved in the next Winery Music Awards competition. The idea of creating a showcase for original music talent inside a beautiful winery atmosphere is a winning combination," says Janie. "I also like the possibility of discovering the next Platinum-selling artist," adds Terrazas.

"Janie has accomplished quite a bit in the short amount of time she's been in Los Angeles," says Kathy Kelly, Producer of the Winery Music Awards competition. "Her charisma, quick-wit, work ethic, and down-to earth personality have all attributed to her success as an on-air personality. I chose Janie also because I see her perky personality pairing well with her more reserved co-host, Andrew Firestone making them a fun and entertaining duo."

The Winery Music Awards Semi-Final concerts are held on one Saturday each month from June to September, with the Final competition in October. Founded and produced by Kathy Kelly Productions, Inc., ([www.kellyprods.com](http://www.kellyprods.com)) it was created out of the growing popularity of quality musical performances at many wineries throughout California. Unsigned original music artists are judged in the categories of originality, musicianship and, most importantly, marketability to the wine-consuming market. Artists and audience sign-up is available on [www.winerymusicawards.com](http://www.winerymusicawards.com)
